

## Company

**TAGCyx Biotechnologies Inc.****Presenter**  
**Chizuko**  
**Koseki****Oligonucleotide aptamer therapeutics**

- **Chemical antibody (mid size)**
- **High affinity and stability**
- **Chemically synthesized**
- **Simple to engineer/modify**
- **Possible to develop as delivery vehicle**

Ds-containing single strand  
DNA library

Therapeutic target

**Xenoligo®**
